trading - Jana Horová, trading@pse.cz, +420 603265696

IT - Jan Pícka, picka@pse.cz, +420 606335649

PSE will not managed any active orders during the Release procedure. Indeed, we highly recommend to all PSE members which will have active orders in Production during this conversion – **please, check your order book on Monday morning in advance of the trading.** In the case of any problems, please, contact us.

Please note that PSE did not order any new features offered in Xetra T7 10.0. Therefore, there will be no changes in the trading system and it is essentially only a "technical" deployment of Release 10.0.
